

**Graduate Trainees (Design) (REF: HK/DSN/90014/161/17/ec)**

Lambeth Associates, Gammon Construction's in-house engineering consultancy, is now looking for Assistant Engineers to support our company growth.

Lambeth offers a distinctly different proposition to a typical consultant due to its close integration and synergy with Gammon and Balfour Beatty. This integration instills valuable practical know how, cost and time awareness and an instinct for both innovation and risk control.

We are in quest of talented engineers with creative minds to complement our current highly qualified team and contribute towards the delivery of outstanding engineering solutions.

You will be given opportunities to work on high profile and complex projects in Hong Kong and South East Asia.

**Requirements:**

- Degree in Civil Engineering or equivalent;
- Proficient in English and Chinese;
- Bright, Self-motivated, outgoing, innovative and energetic;
- Excellent interpersonal and communication skills;
- Graduates of 2017 are welcome to apply.

We take pride in our continued success in completing many prestigious and technically complicated projects over the past years. You can obtain full details of Gammon through [www.gammonconstruction.com](http://www.gammonconstruction.com).

To apply, please e-mail your full resume and academic transcript / reports [hrdept@gammonconstruction.com](mailto:hrdept@gammonconstruction.com). Please briefly describe your biggest achievement to date in your application.

We are an equal opportunity employer and welcome applications from all qualified candidates. Information provided will be treated in strict confidence and only be used for consideration of your application for the relevant post within the Company.
