kinetix

About Us

Established in 1998, Kinetix Systems Limited ("Kinetix") is an experienced IT solutions provider in Hong Kong. We provide a series of comprehensive services and products, including IT consulting, systems development and computer networking. We specialize in evaluating system effectiveness as well as leveraging world-class technologies in order to re-engineer business processes. We have partnered with major IT vendors, including IBM, Microsoft, Oracle, and SAP, while the one with IBM is of the current highest level of such partnerships.

For further details about Kinetix Systems Limited, please visit: http://www.kinetix.com.hk.
