

## HSBC Graduate Programme – Global Operations

### ***Could You See Yourself at HSBC?***

We are looking for the future leaders of Global Operations. You will need to be forward-thinking and innovative, with a passion for driving change and an openness to different ideas and cultures.

Global Operations support our four global businesses – Retail Banking and Wealth Management, Commercial Banking, Global Private Banking and Global Banking and Markets – in delivering customer operations and services. We employ more than 50,000 colleagues around the world and play a vital role in enabling the bank to continually improve the way it engages with its customers.

### ***What to Expect***

Graduates who join our programme will complete four, six-month rotations, gaining global experience across the function and a deep understanding of the critical role Global Operations plays in delivering customer service and driving change across the bank. You will be prepared to run projects, build stakeholder relationships, manage risk and deliver innovative, fast paced change. You will also gain experience of working internationally through a rotation in one of our 20 Global Service Centres which are located in [India](#), [China](#), [Malaysia](#), the [Philippines](#), [Sri Lanka](#), [Egypt](#) and [Poland](#). You will be actively involved in key programs of transformation which will contribute to shaping the future of Global Operations.

The aim of the programme is to prepare you for a career path to senior roles within Global Operations and to act as a springboard toward a rewarding international career with a leading financial institution. This starts with our Induction which provides an overview of HSBC, the opportunity to connect with peers and business leaders from across the world creating a truly global network, and will prepare you for the programme. During the programme you will develop core technical and leadership capabilities, have access to our HSBC University and work in an open, collaborative environment that values learning.

### ***How to Apply***

Applications are now open and close on the **16 February 2018**. Proposed start date July 2018.
