

About AfterSchool

AfterSchool Education Limited is a fast growing EdTech company that aims at **providing high school students with a highly-personalized, interactive, affordable & healthy learning environment**. By uniquely combining gamification, technology and learning pedagogies, we allow students to learn at their own pace with our personalized online courses and encourage them to discuss and help each other.

At AfterSchool, we embrace differences and value your opinions. **If you really want to make an impact on the education industry, you are at the right place. Together, We Can Disrupt HK Education.**

Our Achievements

- ▶ DBS-NUS Social Venture Challenge Asia, Experian Powering Opportunities Award
- ▶ Cyberport Incubation Program, Incubatee
- ▶ HK Social Enterprise Challenge 2017 (HKSEC), 1st runner up

Our Culture

Flexible Working Schedule

You may come to work whenever you want. Just make sure you get enough rest so that you've the energy to tackle the challenges with us.

We Love Crazy Ideas

We encourage everyone to propose any ideas or experimentations, no matters it's practical or not. Just tell us what's on your mind!

Feel Free To Challenge Any Of Us

You're free to challenge everyone here because of that what makes us grow together. Be prepared to be challenged as well!
