

## Analyst / Associate – Investment Banking

### Seoul

Brookfield Financial is a global investment bank with expertise in real assets, particularly property, power, and infrastructure. We have offices in Canada, United States, Brazil, United Kingdom, Germany, India, Hong Kong, Singapore, Korea, and Australia. Established with a clear mandate to operate independently and profitably, we are owned by Brookfield Asset Management, a global asset manager with approximately \$285 billion of assets under management. Brookfield Financial provides its clients with unsurpassed transaction execution services, access to financial capital and global opportunity, and, when necessary, the resources and expertise of Brookfield Asset Management.

### The Role

Brookfield Financial is looking to hire an Analyst / Associate who will work in the Real Estate Investment Banking team, currently located in IFC Seoul. The Analyst / Associate will work with and support all areas of the advisory business, including property brokerage, M&A advisory, debt and equity placements and infrastructure advisory. Responsibilities will include: research and analysis, financial modeling, due diligence and underwriting, bid preparation, assisting in the preparation of pitches, presentations and offering documentation, and supporting the team in business development initiatives. The position provides an excellent opportunity for the candidate to work for a market leader in the investment advisory services industry with a highly competitive compensation and benefits package.

### The Candidate

- Completed an undergraduate degree in business, finance, commerce, or real estate with an excellent academic background;
- Relevant professional experience at a leading financial services / real estate / asset management company will be viewed favorably;
- Pursuing a graduate degree in business, finance, commerce, or real estate with an excellent academic background;
- Strong analytical and financial modeling skills with Microsoft Excel;
- Strong writing skills and proficiency with Microsoft Word and PowerPoint;
- Self-motivated individual with a high level of attention to detail;
- Ability to work well in a dynamic and entrepreneurial environment;
- Outstanding interpersonal and client service skills;
- Excellent command of English and Korean
