

Hong Kong College of Technology (HKCT) is a charitable post-secondary education institution which was established in 1957. Leading Vocational & Professional Education and Training in Hong Kong for almost 60 years, we equip students with practical academic and working experiences through closer partnership with the industries, and nurturing vocational and professional talents to match socio-economic needs.

We endeavor to provide harmonious working environment where staff can feel joy and support, make learning and development happen, and we had awarded “Manpower Developer” by the Employees Retraining Board lately. We are now looking for calibres who are passionate in education to join our Institution:

Day-time Part-time Lecturer / Field Instructor
