

2021 SUMMER ANALYST PROGRAM

ABOUT BLACKROCK

BlackRock's purpose is to help more and more people experience financial well-being. As a global investment manager and a leading provider of financial technology, our clients—from grandparents, doctors, and teachers to large institutions—turn to us for the solutions they need when planning for their most important goals. We are building a culture of innovation, curiosity, and compassion, one that enables every employee to make an impact.

THE SUMMER ANALYST PROGRAM

Our Summer Analyst Program is an 8-week internship designed to provide you with an exciting, supportive and fun experience which mirrors life as an Analyst at BlackRock. You'll have real-world responsibilities during the summer, in addition to participating in professional development, networking and social events.

The Summer Analyst Program acts as a feeder to the Full-Time Analyst Program.

THE ANALYST PROGRAM

The full-time Analyst Program is a multi-year experiential journey designed to empower and support Analysts in connecting their personal passions and strengths to BlackRock's mission, principles and purpose. The program begins with an orientation to learn about our purpose, business and strategic priorities – all while gaining insights into the day-to-day life of an Analyst at BlackRock.

Following orientation, Analysts join their business area and stay connected with colleagues across the globe through ongoing training and professional development. This program offers Analysts the chance to have a lasting impact on the firm and contribute to our greater collective purpose to help more and more people experience financial well-being.

Throughout the program Analysts will have an opportunity to do meaningful work with diverse colleagues across the globe, all with the support of a company that's committed to their well-being and invested in their success.

We hire curious, lifelong learners and support their growth through virtual and in-person training, certificate programs, company-wide hackathons, and analyst training programs.

Additionally, we provide a breadth of benefits and programs to support your physical, financial and mental well-being. From virtual healthcare to money management support and free, confidential counseling, we continuously evaluate and update our benefits to make sure they meet our employees' needs.
