

Current Openings

Join NAMI. Be a Materials Expert!

Energy

- Senior Engineer – Porous and Fire Resistant Materials (Ref. 20023)
- Senior Engineer / Engineer – Antimicrobial or Anti-pilling Fabric (Ref. 20014)
- Senior Engineer / Engineer – Monomer & Organic Synthesis (Ref. 19052)
- Engineer – Energy Technology (Ref. 19037)
- Technical Manager – Energy Efficiency Technology (Ref. 19015)

Environmental

- Senior Engineer/Engineer – Material and Water Technology (Ref. 20029)
- Senior Engineer / Engineer – PVD Coatings (Ref. 20017)
- Engineer - Insulation Composite Materials (Ref. 19043)
- Senior Engineer / Engineer – Electro-polishing (Ref. 19040)
- Engineer – Biodegradable Plastic and Plastic Recycling (Ref. 19036)
- Technical Manager – Environmental Technologies (Ref. 19034)

Construction

- Senior Engineer / Engineer – Geopolymer Concrete Materials (Ref. 20030)
- Senior Engineer – Nanocomposite Material Development (Ref. 20026)
- Senior Engineer – Artificial Intelligent System Engineer (Ref. 20025)
- Senior Engineer – Polymer Based Construction Materials (Ref. 20020)
- Senior Engineer / Engineer – Advanced Pavement Materials (Ref. 20015)
- Senior Engineer – Additives for Bituminous Pavement (Ref. 20002)
- Engineer – Advanced Materials for Construction (Ref. 19038)

Electronics

- Project Leader – Polymer Synthesis, Modification and Processing Technology (Ref. 20024)

Healthcare

- Senior Engineer – Experimental Design and Data Analysis (Ref. 20014)
- Senior Engineer – Polymer for Biomedical Applications (Ref. 19048)
- Senior Engineer – Functional Polymer (Ref. 19039)
