

Reimagine the new normal

Microsoft Hong Kong Student Forum

Wednesday, 7 October 2020 | 5:30pm – 6:45pm | Virtual Event

[Save your seat](#)

Get EQUIPPED With The 'Hot' Skills! Be INSPIRED To Build Your Career!

As Microsoft establishes itself as the world's technology leader, we always want to attract talents who are excited about the opportunity to drive positive change using technology and work in an empowering environment.

In this online forum, we will share the contemporary job skills and technical proficiencies most wanted by employers. Whether your aspirations lie in acquiring technology-related skills can help you stand out while you pursue your dream job, and we will share how you can do so!

You will also hear real-life stories from a couple of our internal talents on how they apply these technical proficiencies to make positive change, using Microsoft as a platform! Through this sharing, we hope that you can also create your own successful career story!

Session Details
