CEDARS Student Learning Activity Fund

Aiming to support current full-time HKU undergraduate and postgraduate students to participate in non-credit bearing activities which meet the educational aims of the University, CEDARS has launched the CEDARS Student Learning Activity Fund. For each application, the maximum grant is HK$5,000 for supporting two activities at most. Each student can only be eligible to receive a grant from the Fund ONCE throughout their study programme of the same level (e.g. an undergraduate programme), irrespective of the amount of grant received.

Students may consider applying the funding for the Industry Materclass. Applications open throughout the year. Students should apply online at least 2 weeks before the commencement dates of activities, except in justifiable circumstances. Please visit https://www.cedars.hku.hk/CSLAF for details. Enquiries can be sent to cedarsslaf@cedars.hku.hk.
