The first medical ecosystem by Blockchain

We are an insurtech company utilizing blockchain to automate insurance claim. We have recently launched the first blockchain powered medical ecosystem with a leading insurer in Hong Kong and are rapidly expanding to cover more insurers and medical networks. We are one of the few corporate members of Linux Hyperledger. We are also Cyberport and HKU DreamCatcher incubatees and our management teams have deep understanding of insurance and technology to ensure that the solutions meet market's need. We are looking for ambitious talents to join us as the founding team member to make revolutionary changes to the industry and develop a bright career.

We are now recruiting Software Engineer (Intern) and the job details are as follows:

Software Engineer (Intern)

Role & Responsibilities

- Architect and build new website or mobile apps.
- Work closely with business team to improve the user experience and functionality of website.
- You will be following our development process including using Github, code review with Pull Request, issue tracking in sprints cycle.
- Ability to work independently and with teams– we give you the freedom to shape your code, your R&D and your growth trajectory. To do this, you need to be able to juggle priorities to thrive in a fast-paced environment, while also collaborating as part of a team in complex situations.

Requirements

- Familiar with PHP, MySQL/MongoDB.
- Familiar with frontend design language like responsive layout, Google material design, Bootstrap.
- Familiar with CSS pre-processors, i.e. LESS, sass, CSS3 etc.
- Familiar with nodeJS.
- Mobile: Native iOS (Swift or Objective C) / Android (Java, Kotlin).
- Able to use GIT, Gulp / Grunt / Webpack in daily development life-cycle.
- Proven web development portfolio is an advantage.
- Experience with web security protocols and authentication schemes.

Employment and remuneration

Allowance will be provided. Reference letter will be provided for the good performance staff. Interested parties please send email to recruit@mediconcen.com and attach your full resume with the date of availability.
