

WHO WE ARE

The Jardine Engineering Corporation Limited (JEC) specialises in the provision of facilities management, operations & maintenance services; design, supply and installation of electrical & mechanical systems; as well as sourcing of electrical, mechanical and architectural fitting products. JEC provides one-stop solutions assisting its customers in operating their facilities to a world class standard. JEC is a member of the Jardine Matheson Group.

The MT programme

During the 24-month structured and all-round training programme, you will gain knowledge of different business areas through rotation and you will be registered to the HKIE Scheme "A" Programme. You will have support from senior management through coaching and mentoring.

Compensation/Benefits

We offer an attractive salary and fringe benefits package, including medical coverage and non-contributory retirement plan to successful candidates.
